PROJECTS

Pocket Rascal / Project Manager & Front-End Developer

github.com/evanhosni/pocket-rascal / pocket-rascal.herokuapp.com

Pocket Rascal is a modern take on a nostalgic, childhood classic – Neopets. Create and customize your own Rascal while enjoying mini-games to collect coins that can be spent on care or additional items for your personal Rascal. This application has a fully built server that is independently deployed.

- React, CSS, Javascript, NodeJS, Matter.JS, Material UI, MySQL, Express.JS

Bullet Journal Squared / Project Manager & Front-End Developer

github.com/lindsayfitz/bulletjournal / bullet-journal-squared.herokuapp.com/

Bullet Journal Squared is a website that allows users to create an account, write journal entries, and view their past thoughts and feelings.

- CSS, JavaScript, Handlebars, MySQL, Express.JS, UI Kit, Cloudinary

Wacky Wiki / Project Manager & Front-End Developer

github.com/lindsayfitz/wackywiki / evanhosni.github.io/wackywiki

A fun, interactive web application reminiscent of 90's MadLibz that allows you to select any topic from Wikipedia and input how ever many and whatever zany nouns, adjectives, verbs, and adverbs you would like, to randomly replace words in the article.

- HTML, CSS, JavaScript, JQuery, Bulma, MediaWiki API, WordPOS API, Text-to-Speech

WORK EXPERIENCE

Ste Michelle Wine Estates / Customer Support Specialist

FEBRUARY 2020 – SEPTEMBER 2021, SEATTLE WA

- Answered inbound inquiries and analyzed/troubleshoot problems
- Responsible for online eCommerce web-store and website maintenance for over 20 Ste Michelle Brands, including management of inventory and customer database for CRM system, Dynamics 365.
- Created tutorial videos, wrote technical documentation and standard operating procedures, and lead training sessions for new Dynamics 365 features.

Techtronic Industries / Field Sales & Marketing Representative

SEPTEMBER 2019–FEBRUARY 2020, SEATTLE WA

- Directly sold \$3 million in POS and generated 10% growth of the business
- Utilized regular sales reports to correctly manage inflow of inventory to maximize profitability while minimizing overstock
- Executed corporate sales and marketing initiatives for over 5 brands and 2000+ products
